MEMORANDUM FOR THE RECORD

SUBJECT: Delegation of Authority to Designate Shortage  
Categories for EOD Travel

PPS has notified Ms. Laura Gilmore, OPM, that we have decided not to pursue the request for delegation of authority to designate shortage categories for EOD travel. This decision followed OGC's advice that the Intelligence Authorization Bill for 1982 authorizes the DCI to grant allowances and benefits (including travel) comparable to those authorized to be paid to members of the Foreign Service. (The Department of State grants EOD travel under their authority to all Foreign Service personnel.)
